Swachh Bharat Abhiyan

Mr. Rajure Ghanshyam Namdeo FE- 2020-21

Swachh Bharat Abhiyan is one of the many famous and vital missions in the History of India. This campaign was announced on August 15, 2014, and it was introduced by our honorable Prime Minister, Narendra Modi. It was launched on October 2, 2014, to honor Mahatma Gandhi's vision of a cleanness. Swachh Bharat Abhiyan was done on a national level and encompassed all the towns and villages. It served as a significant purpose in making people aware of the importance of cleanliness, hygienic, and healthy India.

"One step towards cleanliness".

"Cleanliness is godlines"

Our honorable prime minister nominated the famous personalities Many people have joined this mission. Under swachh Bharat mission millions of toilet being built in rural areas. It is revolutionary step for the women of rural areas as di not need to go Out in open Space.

Defecation. "Civilization is the distance that man has placed between himself and his own excreta". Sanitationion is a basic necessity that affects everyone's life. Sanitation and hygiene is critical to health, survival, and development. Throughout the world and estimated 2.5 billion people luck basic sanitation Many countries are challenged in proing adequate Sanitation for their entire populations, leaving people at risk for water, sanitation, and hygiene (WASH) Related diseases.

Why India Needs Swachh Bharat Abhiyan?

India is in dire need of a cleanliness drive like Swachh Bharat Abhiyan to eradicate dirtiness. It is important for the overall development of citizens in terms of health and well-being. As the majority of the population of India lives in rural areas, it is a big problem.

Some highlights of mission:-

Construction of individual, cluster & community toilets.

The village will be kept clean, including through solid and liquid waste management through Gram Panchayat.

The water pipeline had to be laid to all towns and enabling tap connection to every household on demand by 2019.

Improve the growth percentage of toilets from 3% to 10% by the end of 2019

Involvement of school kids in the activities for spreading awareness on Sanitation, Hygiene& Water.
