About Sumago Infotech Private Limited:

Sumago Infotech Private Limited is a software company from India established on 13th November 2013. Sumago provides a variety of services such as web and mobile app development, software development, digital marketing, software testing, and quality assurance. They work in different sectors including technology, finance, healthcare, media, and manufacturing.

The company's goal is to revolutionize service processes and make information technology accessible to everyone, not just the elite. They aim to create IT solutions that make their customers happy and build strong relationships based on trust, values, and professionalism.

Additionally, Sumago Infotech is actively hiring and training new talent, and they have participated in campus drives to recruit promising students. They are also part of the Startup India Initiative, which demonstrates their commitment to innovation and technology.

Report:

The department of AI & DS organized an industrial visit to Sumago Infotech Pvt. Ltd, Shivaji Nagar,Pune. This visit was organized on 3rd November 2023 for SE students. A total of 41 students and 3 faculty, Prof. Pradip Ghorpade, Prof. Komal Gaikwad , Prof. Hema Jadhav visited the company. The visit was organized with the prior permission and guidance of Principal Dr.R.S Bichkar and HOD of Artificial Intelligence and Data Science Department Dr. Pradip Paithane. Faculty members coordinated the visit.

The primary objective of the visit was to fill the gap between industry and academics. The session provided an overview of the company's history, its core values, and the projects it has been involved in. This gave the students a clear understanding of the company's profile and its contributions to the IT sector. Following the informative session, an interactive question and answer session was arranged. During this session, we had the opportunity to engage with the company's team members and gain valuable insights into various aspects of the software industry. They encouraged students to actively participate in hands-on projects and develop their coding abilities. The company stressed the significance of ethical conduct and effective teamwork in a corporate environment. They shared their experiences of collaborative projects and how team dynamics play a pivotal role in achieving success. The students learned about the various stages of software development, including planning, coding, testing, and deployment. The team members discussed the challenges and innovations in the industry, giving students a comprehensive view of how it operates.

During the visit Memorandum of Understanding (MoU) was signed between VPKBIET, Baramati and Sumago Infotech Pvt. Ltd. for 3 years.Under this the company will provide the opportunities like Internship , various workshops , training programs and seminars which will be beneficial for students.
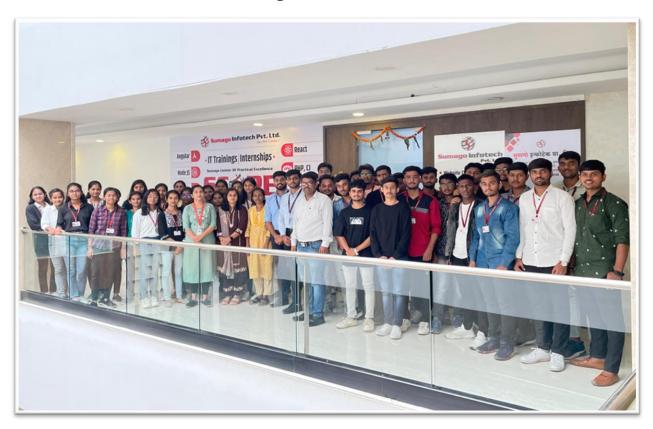

The industrial visit to Sumago Infotech Pvt. Ltd. was both informative and inspiring for the students of VPKBIET, Baramati. They taught us a lot about tech world. This visit not only enriched our knowledge but also motivated us to apply what we have learned in our academic pursuits.

So, the exposure that uplifts the knowledge and experience of a student needs to be properly documented in the form of a report. A properly prepared report can facilitate the presentation of the practical experience in an orderly, precise and interesting manner.
