Brief Report:

The Computer Department hosted a Parent-Teacher Meeting aimed at fostering collaboration between parents and educators to enhance student learning and address any concerns related to the curriculum and

technology integration in classrooms on 28th Sept. 2024.

The event was started with a welcome speech given by CESA Coordinator Mrs. Monali More. She welcomed all guests, parents, and students. Later, all the computer department toppers were felicitated with a certificate and trophy. All computer department teachers were honored with a certificate for their excellence in teaching in their respective subjects.

Selected students shared their experiences and projects, highlighting the skills they have gained. The head of department discussed curriculum goals, teaching methods, and student support. A few parents offered their perspectives on the impact of technology on their children's education.

The principal emphasized the importance of technology in modern education and the school's commitment to supporting student success. He encouraged parents to engage in their child's learning process and support technology use at home.

Parents expressed appreciation for the informative session and provided valuable feedback regarding the curriculum. Many showed interest in workshops to better understand how they can support their children's learning in technology.

Finally, lunch was arranged for parents after the meeting. The Parent-Teacher Meeting was successful in strengthening the partnership between parents and educators. Continued communication and collaboration will be crucial in fostering a positive learning environment for students.
