Report on 'Blood Donation Camp'

Under the kind guidance of Hon. Principal Dr. Rajankumar Bichkar, we successfully organized a 'Blood Donation Camp' on 30 July 2022 at VPKBIET, Baramati on the occasion of the birth anniversary of Hon. Ajitdada Pawar.

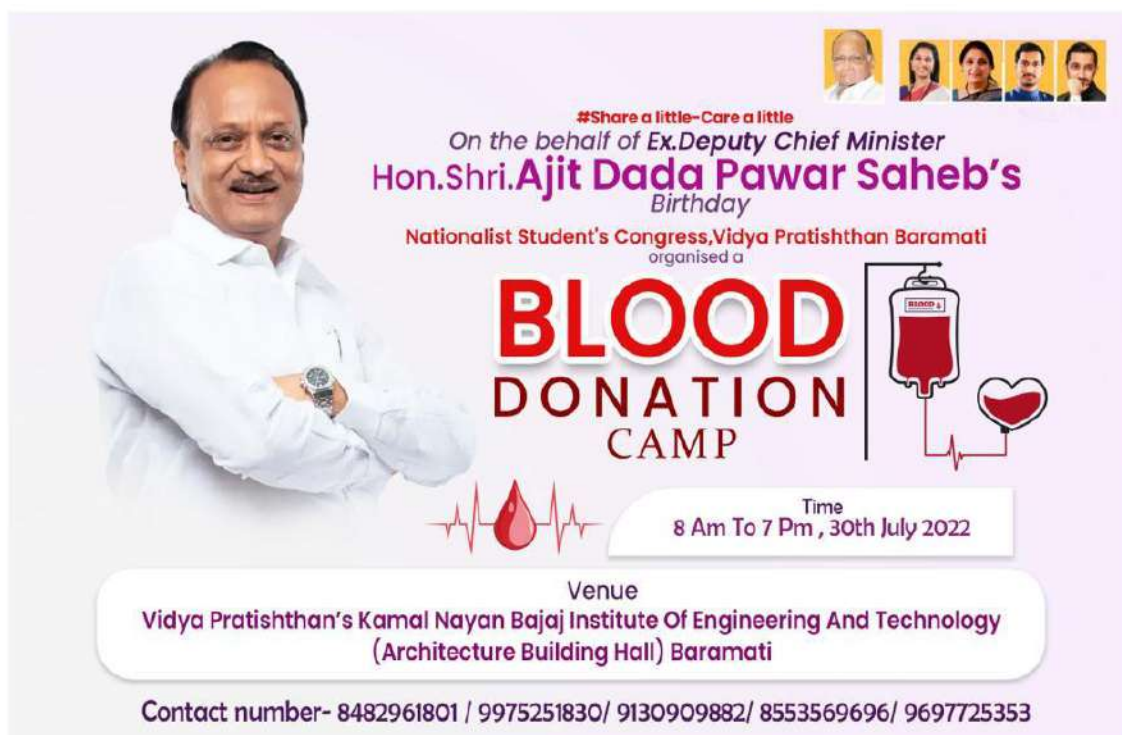

We had invited 'Sanjeevani Blood Bank'.

The trustee of Vidya Pratishthan Sau. Sunetra Pawar, the Registrar Shrish Kamboj and the faculty of VPKBIET visited the drive and encouraged the volunteers.

At the end of the day, we could involve as good as 210 donors in the noble cause of serving the humanity.

12 boys, 6 girls (18 students) and 4 faculty took the efforts towards the success of the campaign.

It lasted for 8 hours.

The poster features a large portrait of Hon. Shri. Ajit Dada Pawar Saheb on the left. To the right, it includes a row of five small portraits of other individuals. The text on the poster reads: '#Share a little-Care a little', 'On the behalf of Ex.Deputy Chief Minister', 'Hon.Shri.Ajit Dada Pawar Saheb's Birthday', 'Nationalist Student's Congress,Vidya Pratishthan Baramati organised a', 'BLOOD DONATION CAMP', 'Time 8 Am To 7 Pm , 30th July 2022', 'Venue Vidya Pratishthan's Kamal Nayan Bajaj Institute Of Engineering And Technology (Architecture Building Hall) Baramati', and 'Contact number- 8482961801 / 9975251830/ 9130909882/ 8553569696/ 9697725353'. There is also a graphic of a blood bag and a heart with a pulse line.

Report of International NSS Camp at Ahmednagar by Prachi Joshi

Our BE (Comp) student and NSS volunteer Ms. Prachi Joshi participated in the International NSS camp held during 12-15 Aug 2022 at Ahmednagar (Snehalaya). The Azadi Amrit Mahotsav Youth Camp to make the youth aware once again of the real strength, Unity in Diversity. We strongly believe that the youth in Indian continent can bring about a fundamental change in the sub-confinement. We need to connect them and remind them of our great legacy of our freedom movement. Hence on this occasion we wish to spread the message 'Let's be the change' we wish to see in the world amongst the youth through this unique Youth camp.

Great social worker like Anna Hazare, Popatrao pawar, Dr. Girish Kulkarni shared views and motivated students for youth's role in peace and harmony.

Session 1:

Mrs. Swati Chakravarty Bhatkal gave session on the Topic 'Heart to Heart'.

She has worked as the Co-Director and Head of Field Research for the Indian television show, *Satyamev Jayate*. Hosted by actor Aamir Khan, the show focused on addressing social issues in India and was aired on Star India Network and Door-Darshan. It comprised three seasons with a total of 25 episodes.

Session 2:

Lancy Fernandes -Paani Foundation-

Topic: We the People

Our work is geared towards creating a people's movement to tackle the generational crisis of drought in Maharashtra and make farmers prosperous. We mobilise, train, and motivate villages and farmers to lead this fight.

Session 3:

Welcome Speech by Dr. Girish Kulkarni-Founder Snehalaya.

Session 4:

Formal Inauguration of Youth Camp & Address to youths by Hon. Bhagat Singh Koshyari (Governor of Maharashtra).

Session 5:

Padmashri Popatrao Pawar

Topic: Challenges of Rural India.

Padmashri Popatrao Pawar is the farmer sarpanch of Hiware Bazar, a gram panchayat in Ahmednagar district of Maharashtra, India. He was the only postgraduate in the village. In 2020, he received the Padma-Shri honour from the Government of India for his contribution in the field of social work.

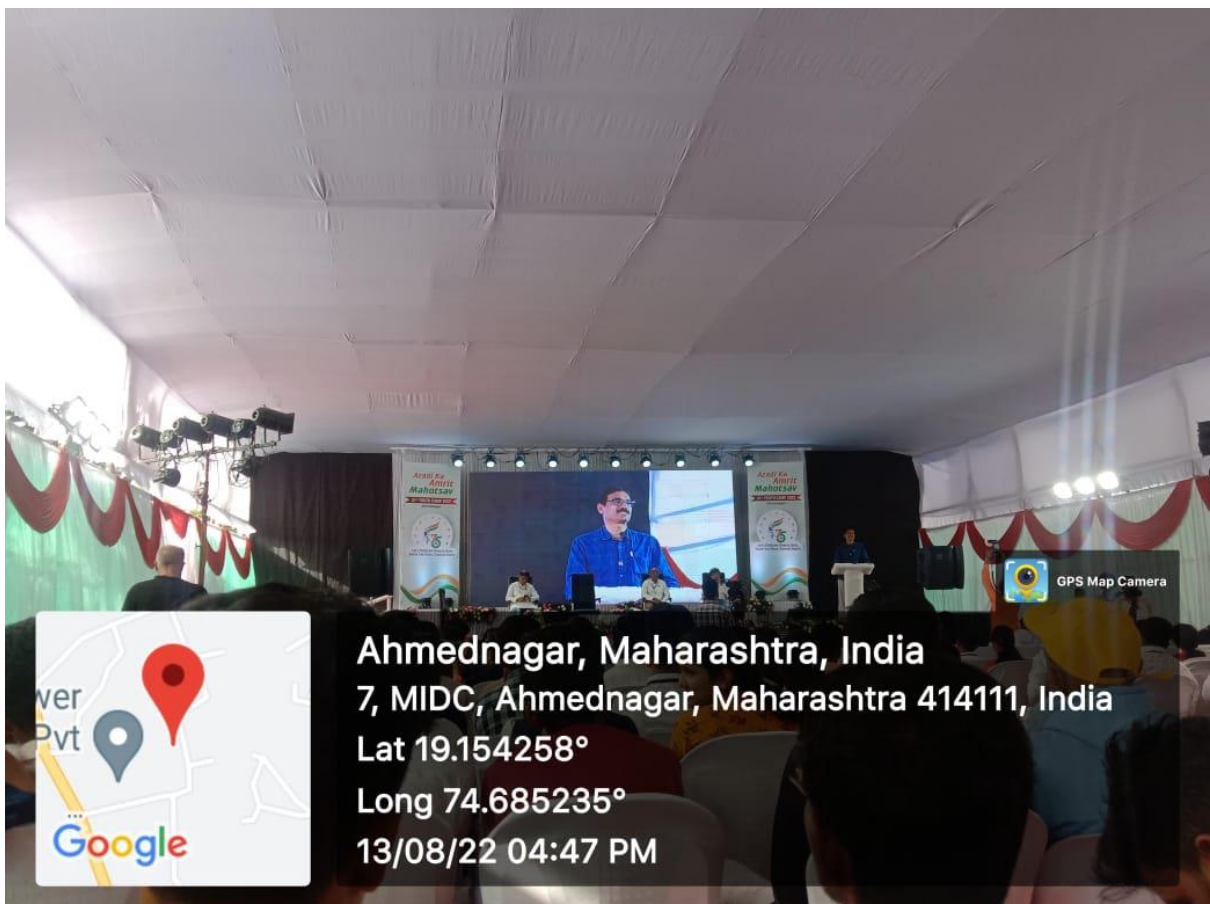

Prachi's performance in the camp:

1) After the sessions, there were group activities daily. Each group consisted of students from different countries. Prachi was the leader of team Laksha. 25 members from Bangladesh, Nepal, Bali (Indonesia), Haryana, Delhi, Gujrat, Maharashtra, Goa, Assam, Andhra Pradesh were part of the same.

Prachi gave anchoring and speech on Anna Hazare in the camp.

She also performed Maharashtra Lok-Nrutya Lavani.

Report on 'Training Program on Electrical Safety'

Under the kind guidance of Hon. Principal Dr. Rajankumar Bichkar, 'Electrical Safety Training Program' was conducted on 27th June 2023 at VPKBIET, Baramati. Shri. S. G. Shriram (Electrical Inspector), Shri. R. Kumbhar (Assistant Engineer), Shri. Yogesh Satpute (Assistant Engineer) and Shri. Shanoor I. Fakir (Assistant Engineer) were the chief guests and speakers also.

Ms. Shrimanti Rokade gave the preface in which she explained that Electricity is a major aspect of human being's day to day life. Equally important is the Electrical safety for each one of us. Hence we need to understand the types, applications, fatals occurring and care to be taken. Electrical safety is crucial in both residential and industrial settings, as improper handling of electrical systems and equipment can lead to severe consequences.

The experts gave us a review of Electrical Safety and precautions to be taken while handling Electrical equipments. Here are some key principles and tips for electrical safety discussed by the Electrical Inspector along with his team.

1. Use Qualified Professionals: Always hire licensed electricians for electrical installations, repairs, and maintenance to ensure that work is done safely and up to code.
2. Inspect Electrical Cords: Regularly check power cords and plugs for any signs of wear, fraying, or damage. Replace damaged cords immediately.
3. Avoid Overloading Outlets: Do not overload power outlets or power strips with too many devices. This can lead to overheating and fire hazards.
4. Keep Water Away: Keep electrical appliances and cords away from water sources to prevent electrocution.

5. Install Tamper-Resistant Outlets: These outlets have built-in shutters that prevent children from inserting objects into the outlets, reducing the risk of electric shock.
6. Proper Appliance Use: Follow manufacturer instructions for installation and usage of electrical appliances and devices. Unplug appliances when not in use.
7. Use the Right Wattage: Only use light bulbs with the recommended wattage for fixtures and lamps to prevent overheating.
8. Inspect Electrical Panels: Regularly check your electrical panel for signs of damage, overheating, or corrosion. If you notice any issues, contact a professional electrician.
9. Stay Away from Power Lines: Never touch or get close to power lines, especially if they have fallen. Maintain a safe distance to avoid electrical shocks.
10. Use Extension Cords Wisely: Extension cords should only be used temporarily and not as a permanent solution. Avoid running them under rugs or carpets, as this can lead to overheating.
11. Educate Children: Teach children about electrical safety and the dangers of playing with electrical outlets and cords.
12. Turn Off Power: When working on electrical installations or repairs, turn off the power to the circuit at the breaker panel to prevent accidental shocks.
13. Use of Safety Devices: Safety Devices must be used like MCCB, ELCB, RCCB, etc. at residential, agricultural and commercial areas.

Electrical safety is a critical aspect of maintaining a safe living and working environment. By following these guidelines and being cautious around electricity, you can greatly reduce the risk of accidents and ensure the well-being of yourself and others. Program started with Felicitation of Experts and then above information was given by the experts as per their expertise. Few case studies were given. Discussion forum was open to students. Finally the program ended with Vote of thanks presented by Mr. Hafiz Shaikh.
