

REPORT ON COMMUNITY CLEANLINES DRIVE AT KATEWADI VILLAGE

- **Introduction:**

As per the official letter received from **Gram Panchayat Katewadi, Taluka Baramati, District Pune**, NSS students from our college participated in a village development activity organized under the **Mukhyamantri Samruddha Panchayat Raj Abhiyan**. The Gram Panchayat requested NSS volunteers to assist in developmental work and support villagers through awareness and technical guidance.

- **Objective of the Activity:**

The main objective of the program was to involve students in community service and rural development activities. The initiative aimed to promote teamwork, social responsibility, and practical learning among students while contributing to the welfare of the village community.

- **Conduct of the Program:**

According to the letter, NSS students participated in the activity on **21/02/2026 at 8:00 a.m.** at Katewadi village. The primary activity involved assisting in the **construction of check dams**, which are essential for water conservation and improving groundwater levels in rural areas. Students actively supported the work alongside Gram Panchayat members and local villagers. In addition to this, students helped villagers in **downloading and using government mobile applications**, guiding them on accessing various public welfare schemes and digital services provided by the government.

- **Participation and Response:**

The activity received a positive response from both villagers and students. NSS volunteers worked with dedication and discipline, and villagers appreciated their support and efforts. The teamwork between students, Gram Panchayat officials, and villagers ensured the smooth execution of the program.

- **Conclusion:**

The NSS activity at Katewadi village proved to be meaningful and successful. It provided students with valuable exposure to rural development initiatives and encouraged them to contribute actively to society. The program concluded with appreciation for all participants and organizers who helped make the activity effective and impactful.
